

Microsoft Teams

Unified workplace for efficient teamwork

⚠️ Challenge:

- Empower workgroups with a secure, modern tool for effective teamwork
- Provide a hub for collaboration with built-in apps and solutions

👍 Solution:

- Enhanced productivity thru better integration
- Easy-to-use, intuitive solution, customizable for the need of different teams
- Provides end-to-end security and confidentiality any enterprise can trust

Benefits:

- Modern teamwork hub with built-in apps and solutions
- Secure and compliant collaboration
- Seamless work through desktop and mobile app on all platforms

Scenarios

- Lack of solution to enable cross-company teamwork
- Secure and compliant workspace needed for project management and collaboration
- Need of customizable solution to support the need of various teams

Solution capabilities

- Integrated Office 365 apps and solutions for seamless usage
- Meets global standards incl. EU Model Clauses, ISO27001, HIPAA
- Desktop and mobile app supports working on the go
- Intuitive and comprehensible interface for easy usage
- Single hub for chat, calls, content creation, teamwork
